Mothers Little Helper
Tab Chords And Lyrics
By The Rolling Stones

D7             Em
What a drag it is getting old

Em
Kids are different today - I hear ev'ry mother say

F            D7
Mother needs something today to calm her down

G             C        A6       Am
And though she's not really ill - There's a little yellow pill

D7
She goes running for the shelter of a mother's little helper

Em
And it helps her on her way, gets her through her busy day

Things are different today - I hear ev'ry mother say

F            D7
Cooking fresh food for a husband's just a drag

G             C        A6       Am
So she buys an instant cake - and she burns her frozen steak

D7
And goes running for the shelter of a mother's little helper

Em
And to help her on her way, get her through her busy day

C             D
Doctor please, some more of these

G             C
Outside the door, she took four more

D7            Em
What a drag it is getting old

Men just aren't the same today - I hear ev'ry mother say

F            D7
They just don't appreciate that you get tired

G             C        A6       Am
They're so hard to satisfy, You can tranquilize your mind
   D7
So go running for the shelter of a mother's little helper
  Em
And to help you through the night, help to minimize your plight

    C    D
Doctor please, some more of these
   G    C
Outside the door, she took four more
   D7   Em
What a drag it is getting old

Life's just much too hard today - I hear ev'ry mother say
     F    D7
The pursuit of happiness just seems a bore
   G    C   A6  Am
And if you take more of those, you will get an overdose
   D7
No more running for the shelter of a mother's little helper
   Em
They just helped you on your way, through your busy dying day  hey
