A
Well the times are getting hard for you, little girl
   E                                        B
I'm a humming and a strumming - all over god's world
   A
You can't remember when you got your last meal
   E                                        B
And you don't know just how a woman feels
   G
You didn't know what rock and roll was
   C
Until you met my drummer on a grey tour bus
   G
I got there - in the nick of time
   C                                        A
Before he got his hands across your state line

   A
Now it's the middle of the night on the open road
   E                                        B
And the heater don't work and it's oh so cold
   A
You're looking tired, you're looking kind of beat
   E                                        B
The rhythm of the street sure knocks you off your feet
   G
You didn't know how rock and roll looked
   C
Until you caught your sister with the guys from the group
   G
Half way home - in the parking lot
   C
By the look in her eye - she was giving what she got I said

My, my, my, I'm once bitten, twice shy, baby x 3

Woman you're a mess going to die in your sleep

There's blood on my amp - and my Les Paul's beat

Can't keep you home - you're messing around

My best friend told me you're the best lick in town

You didn't know that rock and roll burned

So you bought a candle and you lived and you learned

You got the rhythm - you got the speed

Mama's little baby likes it short and sweet I said

My, my, my, I'm once bitten, twice shy, baby x 3

Break – A-E-B... A-E-B

I didn't know you had a rock and roll record

Until i saw your picture on another guy's jacket

You told me I was the only one

But look at you now, it's dark and you're gone

My, my, my, I'm once bitten, twice shy, baby x 4
